Testimonials:

"After 15 years of practice and many seminars later, I can honestly say the Duffy-Rath courses are the most logically organized, masterfully presented, and clinically relevant. The wealth of information presented and the expert skills demonstrated on real patients have transformed my model of practice."

Troy Marsh, PT, Cert MDT, Utah

Wayne, I utilized your TFM and diagnosis techniques today on a patient I evaluated and I eliminated pain she has had for over two years!! Great course!! Rob

Hello Wayne, I thoroughly enjoyed the course this weekend. I have already tried all of the shoulder TFM techniques this morning on patients, with very good accuracy and results! Thank you very much, Emily Matthews
